tank storage square

Model: IBC 500, 750, 1000, 1250, 1500

NORMIT
our ideas work

The company NORMIT produces IBC containers with a capacity up to 3500 liters. In addition to standard containers we also produce a variety of vessels and tanks, reservoirs also on demand, allowing fully meet needs and individual requirements.

tank storage square

Model: IBC 500, 750, 1000, 1250, 1500

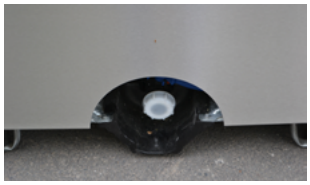
Transport and storage of raw materials and products for the food, pharmaceutical, chemical (including corrosive materials) industry. The containers can also be stackable - placed at each other, allowing you to have an additional space for other processes.

Due to quality stainless construction, our containers are extremely tough and durable.

FUNCTION

- storage
- transportation
- heating
- cooling

They are highly flexible and resistant to corrosion.



ADDITIONAL EQUIPMENT

- Duplicator for heating/cooling
- Thermal insulation
- Level gauges, temperature sensors
- CIP / Shower head
- Other additional equipment to customer specification
