Машина для мойки, пропарки и сушки банок NORMIT CAN WASHER Umývačka plechoviek

Industry Applications: ·Aerosol ·Can ·Making Food and Beverage· Pet Food·

Typical Can Washer Configurations

- ✓ Multiple Stage Configurations
- ✓ Multiple Conveyor Belt Widths
- ✓ Up to 6,000 Cans Per Minute (CPM)
- ✓ 316L Stainless Steel
- ✓ Meet NFPA and CE requirements.

The Can Washer cleans and prepares the interior and exterior surface of the cans. The cabinet design allows the operator to simply place the can into the washing chamber. The Can Washer has removable panels to access the entire length of the washer interior so thus reduced maintenance time and cost.

Features

- ✓ Operator safety.
- ✓ Belt vacuum system to reclaim chemicals and reduce water consumption.
- ✓ Horizontal Pumps.
- ✓ Fully automatic cycle
- ✓ Completely self contained
- ✓ Safety door limit switch
- ✓ Modular skid
- ✓ Dual removable pump inlet screens.
- ✓ Plate and frame heat exchangers
- ✓ Compact space-saver design
- ✓ High volume processing
- ✓ Steam Compatible
- ✓ Variable Frequency Drives (VFDs).
- ✓ Electronic can sensors, level sensors, flow control, and synchronized conveyor speed control.
